15 Discussed with the Deputy Secretary. The West Coast Paper Mills Ltd. are paying x Government a rent @ Rs 80/- per acre for the land taken by them on lease. The rent ~~appears~~ in the present case is Rs 40/- per acre. The rent charged for the West Coast Paper Mills is based on the fact that the area is rich in teak growing area and has a great industrial potential. Whereas these two points are not satisfied in the present case. The area which is now applied for by Ganesh Bricks and Tiles Mfg. Co. Gokak, Distt. Belgaum is neither rich in teak nor has it any industrial potential. In view of this position it would not be correct for us to charge the same rent to this Company as has been charged to the West Coast Paper Mills. In the circumstances, the rent recommended by the Conservator of Forests and

So the constructional activities in each and every hamlet have tremendously increased. So for the people are meeting their needs both of the Bricks & Tyles by transporting the matirial From Mangalore Karwar etc. The heavy cost of transport is not only killing the over zealous activities of the ignarant villagers but it is also bad in the interest of the Nation to spend unnesessarilly more if such types goods can be manufactured here ~~Actually~~ localy when circumstances are favourable here. We the Three enterprising vigours youths are entering in this sphere, with a hope that all enperessing help will be rendered to us. No.FOP/GFL/1546/429-60-61.

To

The Conservator of Forests,
Belgaum Circle,
Belgaum.

In resubmitting herewith the application received under your No.FOP/GFL/4169/797/60-61 dated 10.11.1960, I have to state that the applicants request for an area of 40 acres of Forest land from Block No.II-24 (F.No. 265 of Gokak) of Gokak Range for construction of a factory for manufacturing bricks and tiles. They request an area of 40 acres for the following purpose as shown below:-

(i)	Area required for construction of the office building, factory and quarters etc.	5 acres.
(ii)	For storing firewood, Coal etc.	5 acres.
(iii)	For drying bricks and tiles.	15 acres.
(iv)	For storing ready material.	10 acres.
(v)	For extraction of earth for manufacturing tiles and bricks.	5 acres.
	Total.	40 acres.

The applicants' request for the release of above area on long lease after disforesting the same. The Range Forest Officer, Gokak who was asked to enquire and report in the matter reports that the Soil in the area is fit for manufacturing Mangalore type tiles and bricks and at present there are no such factories at Gokak to meet the local demand. The tree-growth in the area is very poor yeilding 5 cart loads of firewood. The sketch of the area applied for is enclosed herewith. Since the land is required for industrial purpose and to meet the demands of tiles and bricks of the locality. It may be considered for release of [illegible] 40 acres of land on Hangami lagan for the construction of factory for manufacturing of tiles and bricks to start with on condition that they will not claim any perpetual right over land and vacate the land if it is required for a public purpose without claiming any loss that may be caused to them due to egiction.

A similar application received under Assistant Commissioner, Bailhongal's No.LGLSR-2688 of 24.12.1960 is enclosed herewith.
